Good reasons
to choose myPRO^{XL}

We ♥ offering you peace of mind

Maximum durability.
Built to last more than 15.000 cycles

- ▶ Extremely robust with heavy duty **SKF bearings**, cast iron housing and triple seals
- ▶ **More durable** thanks to 8-point spring suspension and premium steel counterweights
- ▶ **Water saving** thanks to adjustable water levels
- ▶ Soft-mounted installation design with **pump drain***
- ▶ Highly effective shock absorbance system and optimally balanced components and panelling

Higher Productivity.
Bigger loads in less time, larger drum and faster drying times

- ▶ myPRO^{XL} Washers: default 35 min for cold water program. Just 73 min for normal 60 °C program with 15 °C cold and 55 °C hot water inlet temperatures
- ▶ myPRO^{XL} Dryers: only 87 minutes per full load, 45 minutes per half load

Increased Flexibility.
Trouble-free operations and adaptable programs

- ▶ Top quality results with professional programs designed to meet every need
- ▶ Improved **hygiene and cleanliness** thanks to dedicated disinfection programs
- ▶ Time of day promotional pricing (for coin machines)
- ▶ Easy push buttons for program and option selection
- ▶ Added convenience as a result of it being front serviceable
- ▶ **Below 62 dB** in the washing process

*The dryer should be vented with air-duct installed

Top durability and performance in a 12kg solution
